**THERAPURE™ 3652G**

The 3652G Side Entry Therapeutic Tubs are designed to facilitate easy, safe, and dignified entry and exit with or without transfer assistance. Featuring four easily cleaned whirlpool jets powered by SANIJET® Pipeless™ technology, the most popular Invacare tub accommodates a wide variety of residents in unsurpassed purity, safety and ease of use. 600 LB. Weight Capacity. 3 Year warranty, lifetime warranty on the door seal.

- All wetted components are easily accessible for quick and thorough disinfection
- Heavy-Duty hinges suspended on a spring-assisted raising and lowering mechanism support the door
- Fast-fill mixing anti-scald valve dispenses 17 gallons per minute
- Adjustable stainless steel legs make leveling easy and simplify installation
- Accommodates the SPFIH1900 Bathing Chair Lift for more dependant residents or those who prefer full immersion in a pre-filled tub.
- Pipeless™ technology conserves water, chemicals and time
- Double wall fiberglass construction and pipeless jets allow water to stay warm for a longer period of time
- Lockable cabinet provides a secure place for cleaners and disinfectants
- Door seal is guaranteed for life
- Smooth contour wheelchair height seat with a perineal cut-out area.

## FEATURES

**PIPELESS™ PURITY**  
 Without pipes, pumps or air channels that can provide a breeding ground for bacteria, **four jets allow caregivers to quickly remove up to 99.9% of bacteria after each bath.**

**INNOVATION AT HAND**  
 The shower wand features an integrated flow control lever to deliver the desired water pressure, while the spray setting can be adjusted by rotating the showerhead.

**DELUXE CONSOLE**  
 Provides the operator with easy access to the auto-fill/ auto shut-off and anti-scald mixing valve, thermometer and whirlpool jet controls.

**INDULGE RESIDENTS WITH A SOOTHING SPA EXPERIENCE**  
 An Invacare bath is quieter, cleaner and stays warm longer than air bubble and piped systems fo the ultimate in relaxation.

## SANIJET® PIPELESS™ TECHNOLOGY:

All TheraPure™ tubs are powered by exclusive SANIJET® Pipeless™ technology, ensuring that the bathing systems are the only tubs in the LTC market to meet the demanding hospital-grade disinfection requirements of NSF International's Protocol P182 and allowing caregivers to remove up to 99.9% of bacteria after each bath.

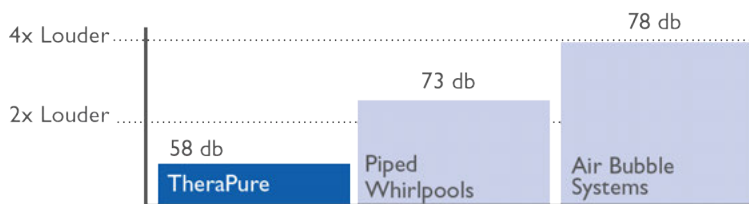

For simple cleaning, all components that contact water are easily accessible from within the tub and the jets are quickly removable by hand for thorough disinfection in less than 5 minutes.

Without the maze of pipes found within many tubs, TheraPure™ tubs save water, chemicals, and, most critical to the caregiver, time.

Residents will enjoy the simple pleasures a more relaxing spa-quality bath offers. Without noisy pumps or blowers, Invacare tubs are quieter than air bubble piped systems.

### Noise Comparison Chart

TheraPure™ bathing systems also retain water temperature longer, losing only 1.5°F of temperature in a 20-minute bathing cycle.

The ability to add essential oils or bath salts to the tub without the concern of residue build-up is the finishing touch in creating a better bathing experience, pure and simple.

## SPECIFICATIONS

LENGTH (OUTSIDE DIMENSION) - 65"

LENGTH (INSIDE DIMENSION) - 53"

## Therapure™ 6302GADH

The 6302GADH Supine Tubs allow for maximum comfort and safety for the resident and caregiver. It's full immersion size and pipeless hydromassage system provide a pure, relaxing and enjoyable bathing experience for more dependent residents. Simple to use controls are easily accessible. 3 Year warranty.

- All wetted components are easily accessible for quick and thorough disinfection
- Longer, wider and deeper to provide full immersion bathing
- Adjustable height model can be raised to a comfortable height for the caregiver and reduce back strain due to bending
- Adjustable stainless steel legs make leveling easy and simplify installation
- Pipeless™ technology conserves water, chemicals and time
- Ample space provided in hip and shoulder areas to make resident turning and handling easier. Narrower side walls allow the caregiver to be closer to the resident in the tub.
- Fast-fill mixing anti-scald valve dispenses 17 gallons per minute
- Accommodates the SPFIH1200 Bathing Lift for dependant residents

### FEATURES

**ADJUSTABLE HEIGHT**  
Reduces strain on caregiver by raising or lowering tub at the touch of a button.

**PIPELESS™ PURITY**  
Without pipes, pumps or air channels that can provide a breeding ground for bacteria, **four jets allow caregivers to quickly remove up to 99.9% of bacteria after each bath.**

**INTEGRATED CONTROL CONSOLE**  
Provides the operator with easy access to the auto-fill/ auto shut-off and anti-scald mixing valve, thermometer and whirlpool jet controls.

**INNOVATION AT HAND**  
The shower wand features an integrated flow control lever to deliver the desired water pressure, while the spray setting can be adjusted by rotating the showerhead.

## 1900 SERIES BATHING LIFT/TRANSPORTER

The 1900 Bathing Lift/Transporter is specially designed for use with the TheraPure™ 3652G Side Entry Bathing Systems (Does not fit with SPF6302GADH Tub). The lift now features a new softer seat. The softer material is also warmer to the touch, which translates to a better bathing experience for the resident. The 1900 bathing lift is designed to transport residents from bed to bath in comfort, with dignity and minimal handling or lifting required of the caregiver. The new softer, contoured seat and support assembly is designed to index into the tub perfectly and stay in the tub during bathing, while the unique “K” base frame easily rolls under the tub and around furniture. The 1900 has an impressive safe lifting weight capacity of 350 pounds, vertical range of motion is 23” and the low 18” height seat makes transfers safe and easy for residents and caregivers. The vertical motion of the 1900 Bathing Lift/Transporter is controlled by a rugged hand pendant. The optional scale for the 1900 is accurate to the nearest pound or kilogram and is powered by one 9V battery. 1 Year warranty.

### FEATURES

- Hospital grade casters for safe and easy maneuverability, lockable casters are standard equipment
- Resident support arms rotate up to 120° for easy transfers
- Heavy gauge steel mobile base is powder coated for durability and improved aesthetics
- Ergonomically designed pushbar
- Each unit comes with **two** 24V DC sealed gel-cell batteries and convenient rapid charging wall mounted charger
- New contoured, soft, closed cell polyurethane foam seat with perineal opening designed for resident comfort and easy cleaning
- Powerful and quiet DC lift actuator drive mechanism

1900 BATHING LIFT/TRANSPORTER  
 1900 BATHING LIFT/TRANSPORTER WITH DIGITAL SCALE

**1200 STRETCHER LIFT**

The 1200 Stretcher Lift is designed for use with the SPF6302GADH Supine Tub. The 1200 Stretcher Lift is a battery-powered, height-adjustable lift that transports residents in safety, comfort and dignity. Handling is minimized as the resident stays on the lift throughout the bathing cycle. This durable lift is easy to maneuver. It may be folded up for easy transport when unloaded and either end may be used as the “head end” to facilitate transfers from either side.

For residents requiring assistance, this lift features stretcher wings that can be raised or lowered from either end for maximum flexibility in transfer and bathing of residents. The mesh stretcher cover, fitted to a stainless steel frame, provides comfortable and contoured full-body support. As a result, residents can relax and enjoy the bath while caregivers can rest assured that residents are secure and safe during the bath. Constructed of durable heavy-gauge steel and featuring hospital-grade casters, the 1200 Stretcher Lift features a vertical range of 30 inches and a weight capacity of 350 pounds to accommodate a wide range of residents. 1 Year Warranty.

**FEATURES**

**MANEUVERABILITY**

Hospital-grade casters provide easy maneuverability, lockable casters are standard equipment.

**CONVENIENCE**

The 1200 Stretcher Lift indexes seamlessly with the SPF6302GADH supine tub for secure comfort.
